

# COLOUR CODES

Sovereign catalogue numbers throughout this brochure generally denote standard white finish although a number of other **standard** finishes are available at no extra cost. We also hold stock of a wide range of other BS/RAL colours which are available at a small extra charge. Colour codes are incorporated within each product catalogue number immediately after the first decimal point to ensure products are supplied to clients wishes.

For example, **05** denotes standard white finish and **04** denotes standard black finish.
